## THE TEXAS DISTRICT & HURRICANE HARVEY Updates and How You Can Help

**Hurricane Harvey has affected several congregations and schools within the Texas District.**

We are very grateful for your outpouring of concern for those Texas District families who have been flooded and displaced by Harvey. Your eagerness to help matters greatly.

This flyer includes up-to-date news from our congregations and schools – and reliable resources for how you can help.

Rescue and recovery are still taking place, and the full extent of the devastation is unknown. Requests for assistance are being received and as we learn more we will keep you updated.

A team is headed to the Rockport / Corpus Christi area. Please keep them in your prayers.

**What can you do right now? Pray.** We need the fervent prayers of God's people. Pray for patience, wisdom, safety, and courage. Pray that Jesus be seen in the response of God's people.

**For news about Texas District congregations and how you can help, visit:**
