

Mission and Stewardship Facts 2017

Did you know that Texas will continue to grow by one half million (net) people annually for the foreseeable future?

The prayer and financial partnership of district congregations have enabled great steps forward in mission work:

113 new Texas missions started since 2004.

More than 9,000 people are being reached with Christ every week by 150+ missionaries.

58 of the 113 new church plants worship in a language other than English. (Churches in the Texas District worship in 15 different languages.)

Nearly \$700K of mission funding is loaned to new church plants at 0% interest and is later returned for ongoing planting efforts!

60+ new church planters are being trained in the Texas District because of generous congregational support.

Thank you for your partnership.

“I press toward the goal for the prize of the upward call of God in Christ Jesus.” (Philippians 3:14)
