

Aaron has served in multiple places throughout his time serving the Church. While at St. Louis Seminary, he met his lovely wife, Sara. Most of their time has been in Houston, and they absolutely love it!

They came to Texas in 2003, right after they were married, with the intention of planting churches. Sara has been in public education since 1998 and is currently an assistant principal in HISD. Sara and Aaron have four kids and live in downtown Houston in the First Ward.

They have been involved in helping with church plants, starting new ministries, and starting new churches all in Texas. Their commitment has been devoted to the Houston urban core. During their time, they have seen the Lord do incredible and awesome work. They have seen the Lord heal people, create faith in atheists, restore marriages, and lift up the most unlikely to serve Him.

Aaron considers it an honor to serve Area D as the Lead Trainer and looks forward to seeing many Evangelists be sent into the field to do the work of the Lord.
