

Texas opts-in to the Federal Scholarship Tax Credit Program!

Legacy Deo will serve as a Scholarship Granting Organization (SGO) under the newly established Federal Scholarship Tax Credit (FSTC) program, with the goal of supporting eligible students attending participating private schools throughout Texas.

This federal program allows individual taxpayers to receive a **100% Federal Tax Credit, up to \$1,700 per taxpayer**, when they contribute to an approved

Scholarship Granting Organization. These funds are then used to provide tuition assistance for K-12 students attending participating private schools.

Donors may designate their gifts to support the private school of their choice. **Families earning under 300% of the Median Local Income are eligible** to receive scholarships through this program.

Example: If the median income in Round Rock, TX is \$100,853.50 then families earning under \$302,560.50 qualify.

This initiative is designed to serve every K-12 private school through a centralized, compliant, and administratively simple statewide model.

Legacy Deo SGO will provide the necessary legal, financial, compliance, and reporting infrastructure, allowing schools to remain focused on their educational mission and the faithful care of families.
